

# PHAZER® TOW BARS

**STAR**  
Safety Technologies by *Crote*

1550-TB

## FEATURES & BENEFITS

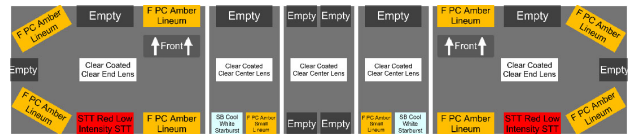

- Extra bright PC amber Lineum LED heads
- 12 Customer selectable flash patterns
- Economically designed (electronics with only the features you need)
- Compatible with 7 power wire roll back tow trucks
- Power is drawn from the enable wires, no need for a constant hot wire
- Compatible with bulb out sensors (each input wire supplies current for that function)
- Built in Stop/Tail/Turn functionality
- Two flash enables (ex. front and rear enable)
- One steady burn enable (ex. work lights)
- Dimensions: 2 1/2" H x 12" W x 58" L
- Voltage: 10-16V DC
- Approvals: SAE Class I when properly configured

	WIRE COLOR	AWG	FUNCTION
1	yellow	18	left turn
2	green	18	right turn
3	white w/orange stripe	18	work/flood lights
4	brown	18	tail lights/I.D.
5	red	16	enable 1
6	red w/white stripe	16	enable 2
7	red w/green stripe	22	pattern select
8	black	14	neutral (ground)
