

HIDE-A STAR™ UNDERCOVER REMOTE FLASHING LED KITS

STAR
Safety Technologies by *Grote*

LDHF301 Series

LED heads are designed with optics that boost and concentrate light for maximum LED output

LDHF311 Series

Spherical LED heads are designed with diffusing optics for extremely wide angle light output

FEATURES & BENEFITS

- Self-contained, LED flashing circuitry
- S-Link System™ synchronizing capability with other Star LED units (only 13 customer selectable flash patterns if you have one LDHF light)
- Spherical LED heads are designed with diffusing optics for extremely wide angle light
- Optics boost and concentrate light for maximum LED output
- Easily installs in 1" mount holes
- Nickel plated aluminum housing allow for our advanced thermal heat management
- Customer changeable colored lenses (with White kit only), giving these LED lights versatility in the field
- 25 customer selectable flash patterns
- Amp draw: 0.5 amps per head (max)
- Voltage: 12-24V DC
- Lens colors: 

PART	DESCRIPTION
LDHF301-*-10	Directional optics, 10' cable
LDHF301-*-30	Directional optics, 30' cable
LDHF311-*-10	Spherical optics, 10' cable
LDHF311-*-30	Spherical optics, 30' cable
